Subd. 1. Definitions. The following terms, as used in this Section, shall have the meanings stated:

A. "Solid Waste" means garbage, rubbish, refuse, sludge from water treatment facilities or air contaminant treatment facilities, and discarded waste materials and sludges, in solid, semi-solid, liquid or contained gaseous form, resulting from industrial, commercial, mining and agricultural operations, and from community activities.

B. "Garbage" means only organic waste resulting from the preparation of food and decayed and spoiled food from any source.

C. "Rubbish" means inorganic waste materials such as tin cans, glass, paper, cardboard, ashes, sweepings, yard clippings, bagged leaves not exceeding 60 pounds per bag, brush not exceeding four feet in length, securely bundled and no bulkier than one man can handle, and old Christmas trees.

D. "Refuse" includes both garbage and rubbish.

Subd. 2. General Regulations.

A. Unauthorized Accumulation. Any storage and collection of solid waste, other than as provided herein, is hereby declared to be a nuisance and is prohibited.

B. Solid Waste in Streets, on Public and Private Property. It is unlawful for any person to place any solid waste in any street or public place, or upon any private property except in proper containers for collection as herein provided. It is also unlawful for any person to throw or deposit solid waste in any stream or body of water.

C. Scattering of Solid Waste. It is unlawful for any person to deposit any solid waste in such a manner that it may be carried or deposited by the elements upon any public or private premises.

D. Burying of Refuse; Composting. It is unlawful for any person to bury any solid waste except in an approved sanitary landfill, but leaves, grass clippings, and easily biodegradable, non-poisonous garbage may be composted on the premises where such refuse has been accumulated. Garbage may be composted only in a rodent-proof structure and in an otherwise sanitary manner and after the Council gives its approval to such composting after it finds that the composting will be done in accordance with these standards.

E. Dumping at City Leaf and Brush Dump. It is unlawful for any person to dump or discard leaves, brush or waste at the City's leaf and brush dump except at specified locations within the site, or discard waste at any other City property except in accordance with applicable requirements. (Added, Ord. 87, 4-17-07)

Subd. 3. Disposal Required.

A. Duty to Dispose. Every person shall, in a prompt and sanitary manner, dispose of the following types of solid waste that may accumulate upon property owned, leased or occupied by such person, to-wit: hazardous waste, animal waste used as fertilizer, earthen fill, boulders, rock, sewage or other common pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluent or discharges which are point sources subject to permits under Section 402 of the Federal Water Pollution Act as amended, dissolved materials in irrigation return flows, or sources, special nuclear or by-product material as defined by the Atomic Energy Act of 1954.

B. Mandatory Use of Licensed Collection Service. Every person shall collect and dispose of solid wastes, other than the kinds of solid wastes described in Subparagraph A, above, by using and paying for the solid waste collection service licensed and authorized by the City.

C. Exceptions. This Section shall not prohibit the disposal of garbage in dwellings by any device which grinds and deposits the garbage in a sewer.

D. Mandatory Collection Times. Every person shall have their accumulated solid waste collected and disposed of by the collection service licensee at least once a week.

Subd. 4. Containers.

A. General Requirements. Every person shall provide one or more containers or plastic bags on the premises, to receive and contain all solid waste which may accumulate between collections. All normal accumulation of solid waste shall be deposited in such plastic bags or containers.

B. Container Requirement. All solid waste shall be placed in plastic bags or in standard type cans or containers not to exceed 35 gallons in capacity, or in any other containers approved in writing by the collection service licensee. All cans or containers shall be fitted with lids and shall be maintained in good and sanitary condition. Any such container not conforming to the requirements of this Section, or having ragged or sharp edges or any other defect likely to hamper or injure the person collecting the contents, shall be promptly replaced after notice by the City or its collection service licensee.

C. Placement. Each plastic bag, can or container shall be placed at the street curb, or within five feet of the street unless special arrangements are otherwise made with the collection service licensee.

D. Use of Containers. Refuse shall be drained of liquid before being deposited in such plastic bag, can or container. Highly inflammable or explosive material shall not be placed in such container. The collection service licensee and its employees shall handle all cans and containers with reasonable care to avoid damage and shall replace them in an upright position and shall immediately clean up and dispose of all contents thereof which may be spilled, in a workmanlike manner.

SEC. 10.02. DANGEROUS WEAPONS AND ARTICLES.

Subd. 2. Exception. Nothing in Subdivision 1 of this Section shall prohibit the possession of the articles therein mentioned if the purpose of such possession is for public exhibition by museums or collectors of art.

Subd. 3. Exception. Nothing in this Section shall apply to a display of fireworks by an organization or group of organizations authorized in writing by the Council, or to a peace officer in the discharge of officer's duty, or to a person in the lawful defense of their person or family. Subd. 6. Use of Bow and Arrow. It is unlawful for any person to shoot a bow and arrow except in the Physical Education Program in a school supervised by a member of its faculty, a supervised class or event specifically authorized by the Council, or a bow and arrow range authorized by the Council. Provided, however, that the owner of land, and owner's guests by express invitation, may shoot a bow and arrow upon such land provided that no arrows shall pass beyond the boundaries of owner's property, or in any event create a nuisance or danger to other persons.

SEC. 10.03. SHOOTING AND CARRYING OF FIREARMS.

Subd. 1. Definitions. The following terms, as used in this Section, shall have the meanings stated:

A. "Shooting" means the firing of firearms of any kind whatsoever, regardless of the method of the propulsion of the ammunition, and includes, but is not limited to, the firing of shot guns, hand guns, air guns, pellet guns, B-B guns, and rifles.

B. "Landowner" means any person owning, leasing or legally controlling any lands within the geographical boundaries of the City.

A landowner, or landowner's guest by express invitation, upon lands owned by said landowner, may shoot or carry a firearm other than a rifle or hand gun, provided that no shot, bullet, or other ammunition used shall pass beyond the boundaries of landowner's property nor in any event create a nuisance or danger to other persons; or,

B. Law enforcement officers in the line of duty; or,

C. A person discharging any firearm when done in lawful defense of person, property or family or the necessary enforcement of the law.

SEC. 10.04. ANIMAL LICENSING AND REGULATION.

Subd. 1. Definition. For the purpose of this Section:

A. **"Owner"** means a person who owns an animal hereby regulated.

B. **"Own"** means to have a property interest in, or to, harbor, feed, board, keep or possess.

C. **"Dangerous Animal"** means an animal which has caused damage to property or injury to a person, or which animal, by its actions, exhibits a propensity for causing imminent danger to persons.

D. **"Dog"** means both male and female and includes any animal of the dog kind.

E. **"Animal"** means a dog or cat.

F. **"Cat"** means both male and female and includes any animal of the feline kind.

Subd. 2. Running at Large Prohibited. It is a petty misdemeanor for the owner of any animal to permit such animal to run at large. Any dog shall be deemed to be running at large with the permission of the owner unless it is on a durable leash secured to an object which it cannot move and on the premises of the owner, or on a leash and under the control of an accompanying person of suitable age and discretion, or effectively confined within a motor vehicle, building, or enclosure. Any cat shall be deemed to be running at large with the permission of the owner unless it is on the premises of the owner, or effectively confined within a motor vehicle, building, or enclosure.

Subd. 3. License Required. It is a petty misdemeanor for the owner of any animal, 180 days of age or more, to fail to obtain a license therefor from the City.

Subd. 4. License Issuance, Term and Renewal. All animal licenses shall be issued only upon presentation of a certificate issued by a veterinarian, licensed to practice veterinary medicine in the State of Minnesota, showing rabies immunization of the animal for at least the term of the license. All animal licenses shall expire on April 30. Application for license renewal, accompanied by a veterinarian's certificate, shall be made at least 30 days prior to expiration of the license. The City Administrator shall keep a record of all licenses issued under this Section and will issue a metal tag with each license issued.

Subd. 5. Adoption of Fees. All fees for the licensing, impounding and maintenance of animals, including penalties for late application, may be fixed and determined by the Council, adopted by resolution, and uniformly enforced. Such fees may from time to time be amended by the Council by resolution. A copy of the resolution setting forth currently effective fees shall be kept on file in the office of the City Administrator and open to inspection during regular business hours.

Subd. 6. Tag Required. All licensed animals shall wear a collar and have a tag firmly affixed thereto evidencing a current license. A duplicate for a lost tag may be issued by the City upon presentation of the receipt showing the payment of the duplicate license fee. Tags shall not be transferable, and no refund shall be made on any license fee because of leaving the City or death of the animal before the expiration of the license. It is a petty misdemeanor to counterfeit the metal tags issued under this Subdivision, or to take from any animal a tag legally placed upon it by its owner, or to place a tag so taken upon another animal.

Subd. 7. Animal Pound. Any animal found in the City without a license tag, running at large, or otherwise in violation of this Section, shall be placed in the Animal Pound, and an accurate record of the time of such placement shall be kept on each animal. Every animal so placed in the Animal Pound shall be held for redemption by the owner for at least five regular business days. A "regular business day" is one during which the Pound is open for business to the public for at least four hours between 8:00 o'clock A.M. and 7:00 o'clock P.M. Impoundment records shall be preserved for at least six months and shall show (1) the description of the animal by specie, breed, sex, approximate age, and other distinguishing traits; (2) the location at which the animal was seized; (3) the date of seizure; (4) the name and address of the person from whom any animal three months of age or over was received; and, (5) the name and address of the person to whom any animal three months of age or over was transferred. If unclaimed, such animal shall be humanely destroyed and the carcass disposed of, unless it is requested by a licensed educational or scientific institution under authority of Minnesota Statutes, Section 35.71. Provided, however, that if a tag affixed to the animal, or a statement by the animal's owner after seizure specifies that the animal should not be used for research, such animal shall not be made available to any such institution but may be destroyed after the expiration of the five-day period.

Subd. 8. Notice of Impounding. Upon the impounding of any animal, the owner shall be notified by the most expedient means, or if the owner is unknown, written notice shall be posted for five days at the City Hall describing the animal and the place and time of taking.

Subd. 9. Release From Animal Pound. Animals shall be released to their owners, as follows:

A. If such animal is owned by a resident of the City, after purchase of a license, if unlicensed, and payment of the impounding fee, maintenance, and immunization fee.

B. If such animal is owned by a person not a resident of the City, after immunization of any such animal for rabies, and payment of the impounding fee and maintenance.

Subd. 10. Seizure by a Citizen. It is lawful for any person to seize and impound an animal so found running at large and shall within six hours thereafter notify the Poundmaster of said seizure. It shall be the duty of the Poundmaster to place said animal in the City Pound. If the name of the owner of such animal so seized is known to the person who first takes such animal into custody, they shall inform the Poundmaster of the name of the owner, and the address if known.

Subd. 11. Immobilization of Animals. For the purpose of enforcement of this Section any peace officer, or person whose duty is animal control, may use a so-called tranquilizer gun or other instrument for the purpose of immobilizing and catching an animal.

Subd. 12. Other Unlawful Acts. It is a petty misdemeanor for the owner of any animal to (1) fail to have the license tag issued by the City firmly attached to a collar worn at all times by the licensed animal, or (2) own a dangerous animal, or (3) interfere with any peace officer, or other City employee, in the performance of their duty to enforce this Section, or (4) fail to keep their dog from barking, howling or whining, or (5) fail to keep this cat from emitting loud or unusual noise.

Subd. 13. Summary Destruction. If an animal is diseased, vicious, dangerous, rabid or exposed to rabies and such animal cannot be impounded after a reasonable effort or cannot be impounded without serious risk to the person attempting to impound, such animal may be destroyed in a humane manner.

Subd. 14. Rabies Control - Generally.

10.04, Subd. 14 A
(Rev. 2008)

A. Every animal which bites a person shall be promptly reported to a peace officer or the Poundmaster and shall thereupon be securely quarantined at the direction of the peace officer or the Poundmaster for a period of 14 days, and shall not be released from such quarantine except by written permission of the City. In the discretion of the peace officer, such quarantine may be on the premises of the owner or at the veterinary hospital of owner's choice. If the animal is quarantined on the premises of the owner, the City shall have access to the animal at any reasonable time for study and observation of rabies symptoms. In the case of a stray animal or in the case of an animal whose ownership is not known, such quarantine shall be at the animal pound, or at the discretion of the peace officer the animal may be confined in a veterinary hospital designated by the peace officer.

B. The owners, upon demand made by the Poundmaster or by any other City employee empowered by the Council to enforce this Section, shall forthwith surrender any animal which has bitten a human, or which is suspected as having been exposed to rabies, for the purpose of supervised quarantine. The expenses of the quarantine shall be borne by the owner and the animal may be reclaimed by the owner if adjudged free of rabies upon payment of fees set forth in this Section and upon compliance with licensing provisions set forth in this Section.

C. When an animal under quarantine and diagnosed as being rabid or suspected by a licensed veterinarian as being rabid dies or is killed, the City shall immediately send the head of such animal and rabies data report to the State Health Department for pathological examination and shall notify all persons concerned of the results of such examination.

D. The City shall issue such proclamation and take such action when rabies is suspected or exists as is required by Minnesota Statutes.

Subd. 15. Reports of Bite Cases. It is the duty of every physician, or other practitioner, to report to a peace officer the names and addresses of persons treated for bites inflicted by animals, together with such other information as will be helpful in rabies control. Whenever any animal has bitten a person, or there is good reason to believe that such animal has bitten a person, that fact shall be reported within 24 hours to the City, and thereafter the owner of such animal shall comply with the instructions of the officials of the City concerning the animal.

Subd. 16. Responsibility of Veterinarians. It is the duty of every licensed veterinarian to report to a peace officer their diagnosis of an animal observed by them as a rabies suspect.

Subd. 17. Police Dogs, Seeing-Eye Dogs. The provisions of this Section shall not apply to the ownership or use of seeing-eye dogs by blind persons, or dogs used in police activities of the City, such as canine corps or tracking dogs used by or with the permission of the Council.

Subd. 18. Animals in Heat. Except for controlled breeding purposes, every female animal in heat shall be kept confined in a building or secure enclosure, or in a veterinary hospital or boarding kennel, in such manner that such female animal cannot come in contact with other animals.

Subd. 19. Petition for Confinement. Whenever four or more adult persons, having no relationship to each other, make written petition to the City requesting the confinement of an animal because of a present potential danger for children or other persons in the area, stating in their petition the basis for their concern, the City, after investigation, may order the immediate confinement of the animal or proceed to procure through a complaint a court order for permanent confinement of the animal or such other substantial disposition as the court may deem appropriate.

SEC. 10.05. ANIMALS AND FOWL - KEEPING, TRANSPORTING, TREATMENT, HOUSING.

Subd. 1. Definitions. As used in this Section, the following definitions shall apply.

A. "Farm Animals" - Cattle, horses, mules, sheep, goats, swine, ponies, ducks, geese, turkeys, chickens, guinea hens and honey bees.

B. "Animals" - Includes farm animals and all other animals, reptiles and feathered birds or fowl except dogs, cats, gerbils, hamsters and caged household birds.

Subd. 2. Keeping. It is unlawful for any person to keep or harbor any animal, not in transit, except (1) farm animals kept in that portion of the City zoned for agricultural purposes (or on a parcel of land exceeding ten acres), or, (2) animals used in a parade for which a permit has been issued, or, (3) animals kept in a laboratory for scientific or experimental purposes, or, (4) animals kept in an animal hospital or clinic for treatment by a licensed veterinarian.

Subd. 3. Animals in Transit. It is unlawful for any person to transport animals unless they are (1) confined within a vehicle, cage or other means of conveyance, or, (2) farm animals being transported in a portion of the City zoned for agricultural purposes, or, (3) restrained by means of bridles, halters, ropes or other means of individual restraint.

Subd. 4. Treatment. It is unlawful for any person to treat any animal as herein defined, or any other animal, in a cruel or inhumane manner.

Subd. 5. Housing. It is unlawful for any person to keep any animal as herein defined, or any other animal, in any structure infested by rodents, vermin, flies or insects, or inadequate for protection against the elements.

Subd. 6. Trespasses. It is unlawful for any person to herd, drive or ride any animal over and upon any grass, turf, boulevard, City park, cemetery, garden or lot without specific permission therefor from the owner. (7-1-90)

(Sections 10.06 through 10.19, inclusive, reserved for future expansion.)

SEC. 10.20. SHADE TREE DISEASE CONTROL AND PREVENTION.

Subd. 1. Policy and Purpose. The City has determined that the health of oak and elm trees is threatened by fatal diseases known as oak wilt and Dutch elm disease. It has further determined that the loss of oak and elm trees located on public and private property would substantially depreciate the value of property and impair the safety, good order, general welfare and convenience of the public. It is declared to be the intention of the Council to control and prevent the spread of these diseases, and provide for the removal of dead or diseased trees, as nuisances.

Subd. 2. City Forester.

A. Position Established. The Council shall designate a City Forester who shall thereafter qualify.

B. Duties of City Forester. It is the duty of the City Forester to coordinate under the direction of the Council, through the City Administrator, all activities of the City relating to the control and prevention of tree diseases. The City Forester shall recommend to the Council the details of a program for the control of tree diseases and shall perform the duties incident to such a program adopted by the Council.

10.20, Subd. 3
(Rev. 2008)

Subd. 3. State Regulations Adopted by Reference. Sections 1.0109 through 1.0111 of 3 Minnesota Code of Agency Rules, Department of Agriculture, Shade Tree Program (1978 Edition) together with amendments thereof to date, are hereby adopted by reference and made a part of this Section as if set out herein in full, except as otherwise hereinafter provided. A copy of said Agency Rules herewith incorporated is on file in the office of the City Clerk. (Please refer to the following information as related to above Minnesota Code of Agency Rules.)

SHADE TREE PROGRAM - Chapter 4 3 MCAR §§ 1.0109 through 1.0113

A. Purpose and authority. The rules contained herein are prescribed by the Commissioner pursuant to Minnesota Statutes 18.023, as amended, to implement a program to control Dutch elm disease and oak wilt by local units of government and to include procedures and criteria for three grant-in-aid programs. The provisions of these rules are in addition to those set forth in the act itself.

Subd. 4. Stockpiling Regulations.

A. Stockpiling Prohibited. Stockpiling and storage of elm logs with bark intact shall be prohibited during the period from April 2 through September 14 of any year.

B. Limited Stockpiling Permitted. The stockpiling of bark bearing elm wood shall be permitted during the period from September 15 through April 1 of any given year. Any such wood not utilized by April 1 of any year must then be removed and disposed of as provided by this Section and the regulations incorporated herein.

SEC. 10.21. MAINTENANCE OF PRIVATE PROPERTY.

Subd. 1. It is the primary responsibility of any owner or occupant of any lot or parcel of land to maintain any weeds or grass growing thereon at a height of not more than 18 inches; to remove all public health or safety hazards therefrom; to instill or repair water service lines thereon; and to treat or remove insect-infested or diseased trees thereon.

Subd. 2. If any such owner or occupant fails to assume the primary responsibility described in Subdivision 1 of this Section, and after notice given by the City Administrator has not within seven days of such notice complied, the City may cause such work to be done and the expenses thus incurred shall be a lien upon such real estate. The City Administrator shall certify to the County Auditor a statement of the amount of the cost incurred by the City. Such amount together with interest shall be entered as a special assessment against such lot or parcel of land and be collected in the same manner as real estate taxes.

SEC. 10.22. OBSTRUCTIONS TO VISIBILITY. It is unlawful to erect or maintain any structure or vegetation within a radius of 20 feet from the corner created by the projections of the curb lines at intersecting streets. Trees are not obstructions to vision if branches are trimmed to the trunks and to a height of eight feet above the curb level or to a height of 14 feet above the surface of any street. Nor shall traffic control signs or signals be considered obstructions.

SEC. 10.23. MINNESOTA UNIFORM FIRE CODE.

Subd. 1. Adoption. The 1982 Edition of the Minnesota Uniform Fire Code is hereby adopted as though set forth verbatim herein. One copy of said Code shall be marked CITY OF PINE ISLAND - OFFICIAL COPY and kept on file in the office of the City Administrator and open to inspection and use by the public.

Subd. 2. Storage of Flammable and Explosives Material. Present installations for the purpose of storage of flammable liquid, liquified petroleum gas and explosives and blasting agents may continue in the Agricultural District. Provided, however, that such installation shall not be expanded nor shall new installations for such purpose be permitted without a special permit from the Council. Prior to issuance of any such permit, an application therefor shall be investigated by the Chief of the Fire Department, and a hearing held thereon before the Council. (7-1-90)

(Sections 10.24 through 10.29, inclusive, reserved for future expansion.)

SEC. 10.30. CURFEW.

A. Protect minors and other citizens, residents and visitors of the City of Pine Island from the dangers of crimes that occur on sidewalks, streets, and public places during the late night and early morning hours;

B. Decrease the amount of criminal activity engaged in by minors;

C. Promote and enhance parental control over minors;

D. Adopt and implement policies relating to minors that would minimize impacts on minors engaging in and traveling to or from a lawful activity or event; and

E. Preserve the public safety and to reduce acts of violence by or against minors that might otherwise occur in Pine Island at rates beyond the capacity of the police to assure public safety without the aid of a minor curfew.

Subd. 3. Definition. As used in this Section, "minor" means a person under the age of 18 years. The term does not include persons under the age of 18 who are married or have been legally emancipated.

Subd. 4. Regulations.

A. SEC. 10.42. HAZARDOUS CONDITIONS.

Subd. 1. Preamble.

A. Private Property. The Council finds that accumulation on private property of unlicensed, unregistered or inoperable motor vehicles, household furniture, furnishings or appliances, or parts or components thereof, or metal, wood, glass, paper, rubber, concrete, or other material, whether organic or inorganic, can facilitate the growth or spread of noxious weeds, the nesting and breeding of rodents, insects, and harmful bacteria, and be a threat of fire. The Council also finds that unless such accumulation is stored in a lawfully operated junk yard, housed within a lawfully erected building, or in a container designed for storage of such material for short periods of time, and the contents disposed of on a regular schedule, under provisions of the City Code, it is a source of filth, cause of sickness, and an immediate danger to the health, safety and welfare of persons and property in the City. The Council finds that if such unauthorized, unwholesome and dangerous accumulation is permitted to continue to pose such a threat it is a hazardous condition and a nuisance, must be abated, and that this Section is adopted to protect the residents of the City and their property and, in addition, to protect the rights of persons who may be found in violation of its provisions. "Accumulation" as that term is used in this Subparagraph A, means prohibited items in any number or amount.

B. Business Premises. The Council finds that accumulation upon premises to which the public has access or may be exposed of food particles or other material causing discomfort to patrons, or disrepair of seating, floor covering, plumbing, heating, or electrical facilities, or failure to maintain a reasonable standard of cleanliness and absence of noxious odors, can facilitate the nesting and breeding of rodents, insects, and harmful bacteria and is a source of filth, cause of sickness, and an immediate danger to the health, safety and welfare of persons and property in the City. The Council finds that if such unauthorized, unwholesome and dangerous accumulation is permitted to continue to pose such a threat it is a hazardous condition and a nuisance, must be abated, and that this Section is adopted to protect the residents of the City and their property and, in addition, to protect the rights of persons who may be harmed in violation of its provisions. "Accumulation" as that term is used in this Subparagraph B, means prohibited items or conditions in any number or amount.

Subd. 2. Unlawful Acts.

A. It is unlawful to park or store any unlicensed, unregistered or inoperable motor vehicle, household furniture, furnishings or appliances, or parts or components thereof, farm implements, or scrap metal, dead trees or parts thereof, glass, paper, rubber, concrete, sawdust, or other material, whether organic or inorganic, on private property, unless such accumulation is stored within a lawfully operated junk yard, housed within a lawfully erected building, or in a container permitted, and the contents disposed of, under other provisions of the City Code.

B. It is unlawful to permit, on premises to which the public has access or may be exposed, any accumulation of food particles or other material causing discomfort to patrons, or disrepair of seating, floor covering, plumbing, heating or electrical facilities, or failure to maintain a reasonable standard of cleanliness and absence of noxious odors.

Subd. 3. Duties of City Officers. The City Administrator, street superintendent, law enforcement personnel, or other designated official shall enforce the provisions of this Section relating to nuisances affecting public safety. The Police or Sheriff Departments shall enforce provisions relating to other nuisances and shall assist the other designated officers in issues affecting public safety. Such officers shall have the power to inspect private premises and take all reasonable precautions to prevent the commission and maintenance of public nuisances.

Subd. 4 Abatement/Enforcement Procedures.

A. Notice. Written notice of violation; notice of time, date, place and subject of any hearing before the City Council; notice of City Council order; and notice of motion for summary enforcement hearing shall be given as set forth in this Subdivision.

1. Notice of Violation. Written notice of violation shall be served by the officer charged with enforcement on the owner of record or occupant of the premises either in person or by certified or registered mail. If the premises are not occupied, the owner of record is unknown, or the owner of record or occupant refuses to accept notice of violation, notice of violation shall be served by posting it on the premises.

2. Notice of Council Hearing. Written notice of any City Council hearing to determine or abate nuisance shall be served on the owner of record and occupant of the premises either in person or by certified or registered mail. If the premises are not occupied, the owner of record is unknown, or the owner of record or occupant refuses to accept notice of Council hearing, notice of Council hearing shall be served by posting it on the premises.

3. Notice of City Council order. Except for those cases determined by the City to require summary enforcement, written notice of any City Council order shall be made as provided in Minnesota Statutes, Section 463.17 (Hazardous and Substandard Building Act).

4. Notice of motion for summary enforcement. Written notice of any motion for summary enforcement shall be made as provided for in Minnesota Statutes, Section 463.17 (Hazardous and Substandard Building Act).

B. Procedure. Whenever the officer charged with enforcement determines that a public nuisance is being maintained or exists on premises in the City, the officer shall notify in writing the owner of record or occupant of the premises of such fact and order that such nuisance be terminated or abated. The notice of violation shall specify the steps to be taken to abate the nuisance and the time within which the nuisance is to be abated. If the notice of violation is not complied with within the time specified, the enforcing officer shall report forthwith to the Council. Thereafter, the Council may, after notice to the owner or occupant and an opportunity to be heard, determine that the condition identified in the notice of violation is a nuisance and further order that if the nuisance is not abated within the time prescribed by the Council the City may seek injunctive relief by serving a copy of the City Council order and notice of motion for summary enforcement.

C. Emergency Procedure; Summary Enforcement. In cases of emergency, where delay in abatement required to complete the notice and procedure requirements set forth in A and B above will permit a continuing nuisance to unreasonably endanger public health, safety, welfare or to human life, the City Council may order summary enforcement and abate the nuisance. To proceed with summary enforcement, the officer charged with enforcement shall determine that a public nuisance exists or is being maintained on premises in the City and that delay in abatement of the nuisance will unreasonably endanger public health, safety, welfare or human life. The enforcement officer shall notify in writing the occupant or owner of the premises of the nature of the nuisance and of the city's intention

(12-16-08)

10.42, Subd. 5
(Rev. 2008)

to seek summary enforcement and the time and place of the Council meeting to consider the question of summary enforcement. The City Council shall determine whether or not the condition identified in the notice to the owner or occupant is a nuisance, whether public health, safety, welfare or human life will be unreasonably endangered by delay in abatement required to complete the procedure set forth in Subdivision 1 above, and may order that such nuisance be immediately terminated or abated. If the nuisance is not immediately terminated or abated, the City Council may order summary enforcement and abate the nuisance.

Subd. 5 Recovery of Cost.

A. Personal Liability. The owner of the premises on which a nuisance has been abated by the City shall be personally liable for the cost to the City of the abatement, including administrative costs. As soon as the work has been completed and the cost determined, the City Clerk or other official designated by the Council shall prepare a bill for the cost and mail it to the owner. Thereupon the amount shall be immediately due and payable at the office of the City Clerk.

B. Assessment. If the nuisance is a public health or safety hazard on private property, the accumulation of snow and ice on public sidewalks, the growth of weeds on private property or outside the traveled portion of streets, or unsound or insect-infected trees, the Clerk shall, on or before September 1 next following abatement of the nuisance, list the total unpaid charges along with all other such charges as well as other charges for current services to be assessed under Minnesota Statutes, Section 429.101 against each separate lot or parcel to which the charges are attributable. The Council may then spread the charges against such property under that statute and other pertinent statutes for certification to the County Auditor and collection along with current taxes the following year or in annual installments, not exceeding ten, as the council may determine in each case.

Subd. 6. Penalty. Any person convicted of violating any provision of this Section is guilty of a misdemeanor and shall be punished by a fine not to exceed \$1,000 or imprisonment for not more than 90 days, or both, plus the costs of prosecution in either case.
